

Dear reader,

This letter is to express my interest in Junior CRM Consultant at Qualysoft, Belgrade office. With a Bachelor's degree in Computer Science, and Master Degree on the way, keen eye for detail, curious mindset and problem solving skills, i am confident i will be an asset to your organization.

I enjoy being challenged and would love to work on projects that require me to work outside my comfort zone and knowledge set, as continuing to learn new things that are important to me and to your organization. I am self-motivated and I can work independently or as part of a team. I excel at English language and if need arises i can learn other languages as well. I very much enjoy solving problems and i am dedicated to coming up with a solution.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely, Nemanja Petrovic.
